Fabric Information Overview

| Item | Details |
|--------------------------------|---|
| Design | Ashcroft – Encore high-performance upholstery fabric woven with recycled polyester, part of Warwick's Halo easy-clean range |
| Composition | 60% Polyester, 40% Recycled Polyester |
| Fire Rating | AS 1530.3 test: Spread-of-Flame 0, Smoke-Developed 5; Ignitability 9, Heat-Evolved 2 |
| Abrasion Resistance | 70,000 Martindale rubs (Heavy Commercial) |
| Primary Usage | Heavy-commercial upholstery and drapery |
| Application | Upholstery for high-traffic furniture and drapery installations in commercial settings |
| Environment Suitability | Suitable for indoor use only |
| Cleaning | Treat spills promptly. Gently scrape or blot, then clean with warm water and mild, non-abrasive soap; blot dry and avoid stiff brushes. Halo Spot Cleaner may be used for stubborn stains; test first on a hidden area. |
